Property Description

Villa Infinity View is your opportunity to own one of the most truly unique homes in the highly desired Las Huacas community, also known as the EE-section. It is one of the extremely few new construction homes with a modern and eco-friendly design that is on the market with an incredible view of the surf, Playa Guiones, Playa Pelada, Playa Nosara all the way up to Ostional and San Juanillo. The positioning is ideal being located on a dead-end street in the highly requested Las Huacas hill/EE-section. The community has a 24-hour security guard roving through the section and from the home, it is only a 6-minute drive to the main surf break and town. This particular property is surrounded by dedicated green areas, which provides privacy, breezes, and amazing views making this a one of kind home. This modern and open-spaced design by Lucca and Evangelina from Salagnac Architects truly fits its name.
