Property Description

Casa Clark is one of the best deals on the market right now in Manuel Antonio. This concrete built home has over 3,500 square feet of construction and consist of a total of two bedrooms with two and a half bathrooms. The bedrooms, bathrooms, kitchen, living room, and dining room are located on the second level of the home and the first level of the home is a large entertainment area with a pool table and large open living area. There is plenty of space to remodel or add on to the first floor if an owner were looking to add more rooms. Just off the first floor there is a very cool and refreshing dip pool to cool off in. Casa Clark is part of a low density development in Manuel Antonio and there is 24 hour security with a controlled entrance. The home is located only minutes away from Manuel Antonio National Park and also walking distance to all the amenities of Quepos. Casa Clark is a well built home in Costa Rica and is a great buy at a reduced price.
