Property Description

La Joyita (Little Jewel) an upscale casita is nestled above the Punta Dominical hillside. It's located among only 10 other houses in the private gated community of Marina Vista 2. The casita was originally built in 2015, and it is now used mainly by the owners. However, it features all of the amenities of a luxury villa, such as year-round sunsets and ocean views, lush rainforest setting, and an infinity pool on-site. It's ideal for a couple wanted a quiet vacation home for two. It's only five minutes from the main highway, but it's still secluded enough, where you'll hear the breeze and the ocean.This casita is the perfect place for you to relax. In the morning, you'll spot wildlife such as Capuchin monkeys or sloth on a walk through the property trails. Whether you're sunbathing by the infinity pool or using the stainless steel BBQ with friends, you're apt to see some colorful birds and butterflies.
