Property Description

Jardin de Mangos is located on the road between Tamarindo and Santa Cruz and is set back an impressive distance off the road frontage. The improvements include a total of 8 buildings, the main house, 6 guest cottages and the caretaker's home. The residences are beautifully surrounded by over 132 mature mango trees. The beautiful lush gardens create solitude and capture the tropical experience. The main house has 2 comfortable bedrooms, a large den, separate dining room and a large covered patio that over looks the verdant mango orchard. Nearby, the large sparkling pool and entertainment area are surrounded by the individually standing guest cottages. One has 2 bedrooms, a large bathroom with handicap shower and A/C splints. Another is 2 bed, the other five cottages are 1 bedroom. All dwellings come fully furnished furnished and ready to rent out or share with family and friends. In the evening, the lighted stone walking paths that meander throughout the grounds, provide a soft glow.
