Property Description

One of the best locations in beautiful Uvita! This mountain-view property is situated in a nature-immersed and quiet neighborhood, presenting a flat lot that is 100% usable, only waiting for your imagination. The sound of the crashing waves is ever-present as the sandy beach, untouched and lined by tropical plants and coconut palms, is only 300 m away. A perfect place to watch the migrating Humpback Whales between December and April! Close-by is the entrance to the world-famous Marino Ballena National Park, and a ten minute walk brings you to the postcard 'whale's tail' rock and sand formation. Nature is all around with the ocean in front of you, the cloud draped mountains behind you, and a tropical jungle all around. Toucans, macaws, giant blue morphs butterflies, and monkeys are common sights. However, amenities are not far away - Uvita's tourist strip with its assortment of restaurants, shops, and a large farmer's market, full of fresh meat and produce, is only steps away.
