Property Description

Welcome to a Full Equestrian Dream Home and Cabinas! Located just minutes to more than five distinct beaches, this lovely 2.5 acre property has everything you could want! The current owners are selling this property for a move back to the United States for personal reasons. They developed it from scratch and it is a wonderful property. They live here full time in their main home that has two beds and two baths in a two story home. They also have a very successful cabina with shared swimming pool for their guests that rents very well to regular tourists and those that want to come and have an equestrian vacation at the beach in the tropical Costa Rica! There is also a third rustic cabina that is currently used for equestrian volunteers who come to this property to spend months in Costa Rica working at something they are passionate about while enjoying the country as well. This property has so many facets it is hard to believe! There is a 20' container storage room for everything that you would use daily in a large property like this one.
