Property Description

Imagine strolling from your home to an unforgettable, jungle-lined beach in just ten minutes, or spending evenings on an ocean-view terrace listening only to the waves and the birds. There are still a few idyllic, untouched beaches in Guanacaste, Costa Rica, and this home is just a short walk from one of them. Located near Playa Boca del Venado, this palatial home (measuring 3700 sf living space) is nestled in a rural area where only a few lucky foreigners have joined a small, traditional community called Venado. Both the beach and community are named for a scenic river that flows through town and meets the Pacific. The community itself is still a beautiful example of Guanacaste's culture, where families all know each other and every weekend features soccer games at the town plaza. This home provides a spectacular opportunity to enjoy true tranquility in an indoor-outdoor lifestyle. The 3700 sf living area is split between two spacious levels.
