Property Description

This is an amazing opportunity to purchase a partially developed gated community. This project comes with an approved condo regime and planning for hotel/retreat centre overlooking a volcanic sand beach. Roads, electricity and water have already been built, offering pathways along the beautifully contoured hillsides. The current owners are looking for a buyer that will develop the property in an eco-conscious way and benefit the wider community. Please do not hesitate to reach out for additional information to Jim Ewing at jim@surfingnosara.com.
