Property Description

Nestled in the heart of Nosara town and conveniently situated minutes from Nosaras amenities is the Kuë Town house project, a low impact and affordable project in the heart of Nosara. Pre-sales are about to begin on these eco 2 bed, 2 bath homes. Each unit features double height ceilings, front and back terraces, rancho, private pool and covered parking on each 500m2 lot. These 184 m2 homes have been designed to be as low impact on the environment as possible. Key to the brief was making affordable and sustainable buildings with an emphasis on reduced energy and water consumption. Responsible black water treatment to protect the environment is particularly important and as such a full water treatment solution is offered as standard. The building techniques also minimize construction waste when compared with traditional methods. The price includes all of the white goods, perimeter fencing, septic, gates and basic landscaping.
