Property Description

Strategically positioned along the Costa Ballena, which is in the south Pacific sector of Costa Rica, and considered one of the countries undiscovered gems where the lush tropical rainforest mountains meet the sea. This 9.3 acre parcel offers demanding views of the natural harbor of Dominicalito Bay and the entire Escaleras mountain range. Gently sloping topography offering multiple buildable sites, or lots of usable land for an exclusive estate or boutique hotel or residential development. Possibilities are wide open, with public road frontage running the length of the property on one side, and the other a year round stream, with heavy forest that serves as wildlife corridor.Conveniently located within minutes of dramatic beaches and coves, and village of Dominical where you will find shops, fine dining, and some of the best surfing waves in Costa Rica! Location to San Jose the capital city is approximately 3 hoursWithin 40 minutes to Manuel Antonio National Park, and 20 minutes to Ballena Marine National park, a location where the humpback whales visit from northern and southern hemisphere and have their offspring each year.
