Property Description

This property is a tropical and wonderfully artistic home that offers jaw-dropping sunset ocean views along with a unique sense of privacy and authenticity. It is an architectural masterpiece, designed to integrate the elements of water, wind, and sunlight into its feel and every inch of the home provides both panoramic views and refreshing tropical breezes. The home is nestled in the middle of the last remaining locally-owned farm in Manuel Antonio area and creates a blend of luxury and authenticity which is almost impossible to find. This property is one of the most spectacular ocean-front properties on the Pacific Coast. Picturesque hills lined with pasture and a few cattle roaming roll down to lush tropical rainforest with beaches below. You enter the home through the oversized tropical hardwood doors and from the moment you open the doors you are overwhelmed by the views and architecture.
