Property Description

Home sweet home. You can't imagine how many inquiries we have throughout the year for beachfront homes at a reasonable budget. Not everyone is liquid for a multimillion dollar beachfront home...heck, we aren't either! Well, here it is, your beachfront dream come true. This happy home. The current owners of this home are those that bought the lot and built it to their needs. They are moving up in age now and are ready to complete this 20 year cycle of their lives. They designed the home in combination with their lifestyle. Playa Negra's surf was the key to the design, construction and realization of this dream for them. This cute and cozy home is simple and cohesive. When entering the driveway of the 1/3 acre beachfront, one feels like they have come home. It is a simple two story home. On the first floor, the pool awaits on the south side of the home and welcomes you as you enter the stairs to get to the living spaces.
