Property Description

Our favorite part of this property is the location and the scenery. The yard features an array of mango, citrus, banana, and avocado trees, as well as lychee and star fruit trees. The property also features rock ways, which all have underground drainage tubes to ensure the walkways never flood. Ornamental plants and royal palms adorn the front of this property, and at the bottom of it, you'll find a track of rainforest jungle with lots of wildlife. From this home you can conveniently walk to the grocery store or the local clinic within minutes. This 2 story home house has a Spanish, country vibe. It is colorful and feels homey. The first floor includes two bedrooms, a living area, and an indoor and outdoor kitchen area. It features white tile countertops, a huge white pantry, and an electric stove. It even includes your washer and driver, appliances, and a BBQ grill. There are an outside kitchen and patio which includes a dining table.
