Property Description

This Casa Blanca lives up to its elegant name. The 900 m2 lot boasts fruit trees, a beautiful pool, a manicured lawn and this fantastic home. 3 bedrooms and 3.5 baths with a newly remodeled kitchen. Enjoy granite counter tops and gorgeous Laurel wood cabinets with matching furniture throughout the house. The custom kitchen was designed with Costa Rica in mind, the granite island and gas oven/ stove were all put on wheels so you can literally bring the kitchen outside. The covered outdoor patio makes for the perfect outdoor living space. The master suite consumes the entire second level with an upper level balcony with great valley views, perfect your morning coffee. The third bedroom has a separate entrance so there is the potential to rent that out for additional income as a bed and breakfast setup.
