Property Description

2,239 ACRES OF NATURAL WONDERLAND!!! This majestic finca has about 4 miles of river frontage, 2,000 acres ofgrand old-growth rain forest, and resident wildlife like jaguars and macaws, three kinds of monkey and wild boar. The property reaches an elevation of 420 meters, with cool breezes and views out over the ocean. The total size of the property is 2239 acres, about 906 hectares. The property divides naturally into three areas for future development - approximately 1235 acres (500 hectares) for conservation and ecological studies; 75 acres (30 hectares) for the tourist lodge, research station, cabins, open field building sites and forest trails; and 925 acres (375 hectares) for low density, sophisticated residences.Conventional access to Finca Florida is by boat downriver from the town of Sierpe, accessible by air from San Jose to Palmar Sur and then by ground transportation to Sierpe.
